

## Reed Family, Cosmetic and Implant Dentistry DENTAL HEALTH PROGRAM

### Program Description

This plan is not dental insurance. It is a discount plan with preventative coverage included to help patients maintain healthy oral hygiene. This program is not available to individuals that already have insurance. The program cannot be used in conjunction, or secondary to dental insurance policies. The pre-determined discounts will be listed for patients on a fee schedule upon registration. This plan is exclusive to patients of Dr. John David Reed at Reed Family, Cosmetic and Implant Dentistry.

The member's effective date is the date of purchase of the discount program and is valid for one (1) year thereafter. Individual plan is for one (1) adult member. Family coverage includes two (2) adults ~ a spouse or legal partner, and two (2) dependents. Dependents are defined as children under the age of 18 or full time students. Should the plan change or terminate, it would be honored at the discounted rate to which the member is entitled until the paid yearly membership terminates. The plan reviews the conditions, fees and terms regarding services or treatment on an annual basis and is subject to change or modification each year.

No insurance...No problem

### Need an affordable dental plan?

#### *Here is how it works.*

Save 15% off our standard fee rates and get basic/contracted PPO fee rates instead.

One of the main reasons people stay away from the dentist is lack of dental insurance and the inflating costs. Our solution is a Smile Program/Discount Dental Plan which can dramatically decrease the out-of-pocket cost for dental treatment when compared to no insurance cash fees. We copied the same example that large insurance companies use today for their discount dental fee plan policies, except we cut out the insurance go-between. This is NOT insurance, it is a FLAT discount fee plan. There are no applications, no deductibles, no maximums, no claims, no pre-existing conditions, no denials, no waiting periods, and no pre-authorizations.

For an annual fee of \$225.00 per person or \$550.00 for a family of four (4) in the same household, you will receive your initial new patient exam, necessary x-rays, and two (2) cleanings per contract year PLUS 15% off ALL IN OFFICE dental services. Here are some of the services: fillings, crowns, bridges, veneers, extractions, bone grafts, dentures, partials, deep cleanings, dental implants and more (excludes some cosmetic and elective services including orthodontics and tooth whitening)

This Special Discount Dental Plan applies ONLY to our office and the dental treatment provided in our office. This plan does NOT apply to treatment referred to a specialist outside of our office.

In providing a membership program, we hope to give our patients incentive to stay on schedule with their preventative care. In addition, our goal is to help those who may otherwise reject treatment due to lack of dental insurance or the concern for inflating fees.
